

Gas on Glass Cooktop, 30cm, LPG

Series 9 | Minimal

Black Glass | LPG

A powerful two burner with precision control and performance. Pair with any other appliance in our Minimal range.

- Perfect for a compact cooking area with two different strength burners
- A timeless, minimal look to fit any kitchen style, with black ceramic glass cooking zones and a black trim.
- A flame-failure safety device; if the flame goes out, the gas turns off
- Removable cast iron trivets and ceramic glass that can be wiped down for easy cleaning

DIMENSIONS

Height	59 mm
Width	300 mm
Depth	530 mm

FEATURES & BENEFITS

Complementary design

<>

Precise control

Precise temperature control at both low and high temperatures. Different burner sizes fit a variety of pots to complement different cooking styles.

Easy cleaning

Cleaning and care of these cooktops is easy with sealed burners and a single sheet cooking surface. After each use, simply remove the trivets and wipe down the glass.

Quality materials

With cast iron trivets, anodized metal dials and tough ceramic glass that can withstand high temperatures, we use only the highest quality materials for optimal performance.

SAFE & SOUND

The flame failure safety device automatically turns off the gas if the flame is accidentally extinguished.

Quality materials

Our cooktops are built from recyclable, eco-friendly ceramic glass - without using arsenic or heavy metals in the manufacturing process. The glass edges are chip-tested for resistance to damage from pots and pans, ensuring lasting quality.
