### BENEFITS

---

**The right wash. Every time.**  
No matter how dirty your dishes, your Electrolux has the appropriate cycle to make them sparkle again. A Quick 30 is ideal for a load of just-used plates and pans or use the intensive Triple Wash for a deep clean.

**AutoFlex programs**  
Now you can let your dishwasher do the thinking for you. We know every load of dishes is different, so we created 3 AutoFlex programs that automatically select the optimum temperature, water, energy and wash time. AutoFlex is incredibly easy to use and offers exceptional results and efficiency. Simply choose Delicate, Normal, or Intense setting and the multi-stage AutoFlex sensors detect the degree of cleaning needed and the quantity of items in the baskets for an optimum performance.

---

**DirectWash**

DirectWash offers the most precise targeted cleaning, giving bottles and glasses on the top rack a thorough wash, or tackling the pots and pans below for extra attention.

**Water safety system**

Our aqua control function is an advanced anti-flood system. Automatically cutting off the water supply to the dishwasher to give you peace of mind knowing your kitchen is protected.
